

New Total Recovery Solution® (TRS®) Interface – Arbitrator View

Classic View

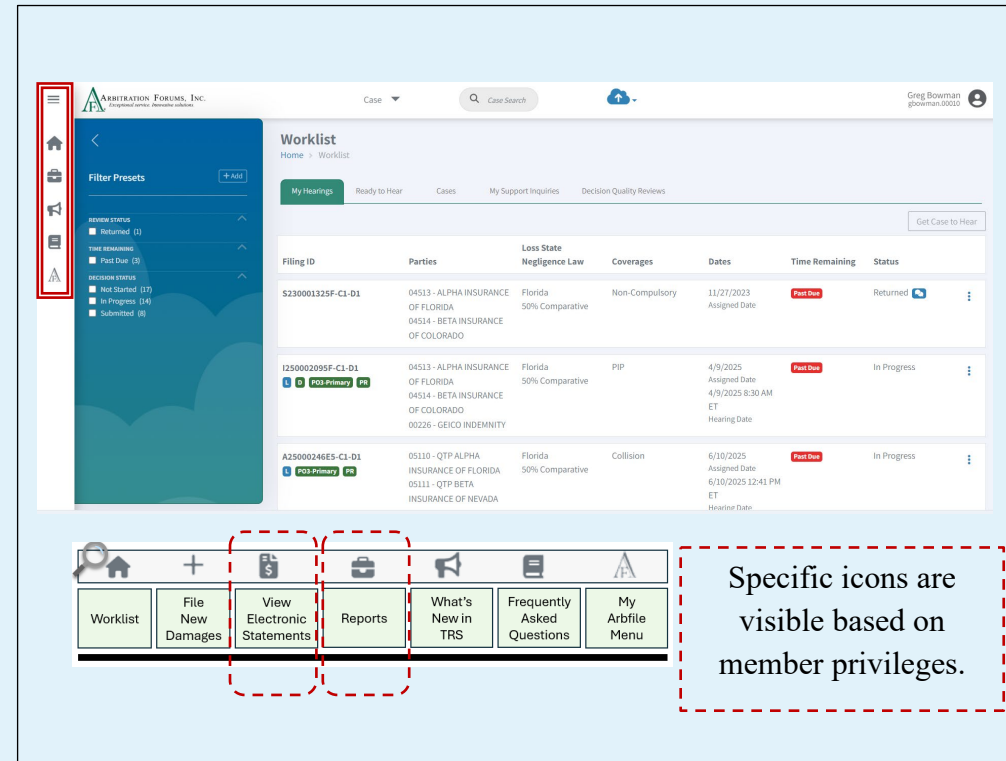

Modern View

The Classic View interface shows a top navigation bar with a search field and a user profile. Below this is a 'Worklist' header with a '+ File New Damages' button. A horizontal menu contains 'My Hearings', 'Ready to Hear', 'Cases', 'My Support Inquiries', and 'Decision Quality Reviews'. A 'Filters' section on the left allows for filtering by 'Review Status' (Returned, Past Due, Decision Status) and 'Time Remaining'. The main area displays a table of cases with columns for Filing ID, Parties, Loss State, Negligence Law, Coverages, Dates, Time Remaining, and Status.

- The classic design does not include the new TRS® menu as seen in the modern view.

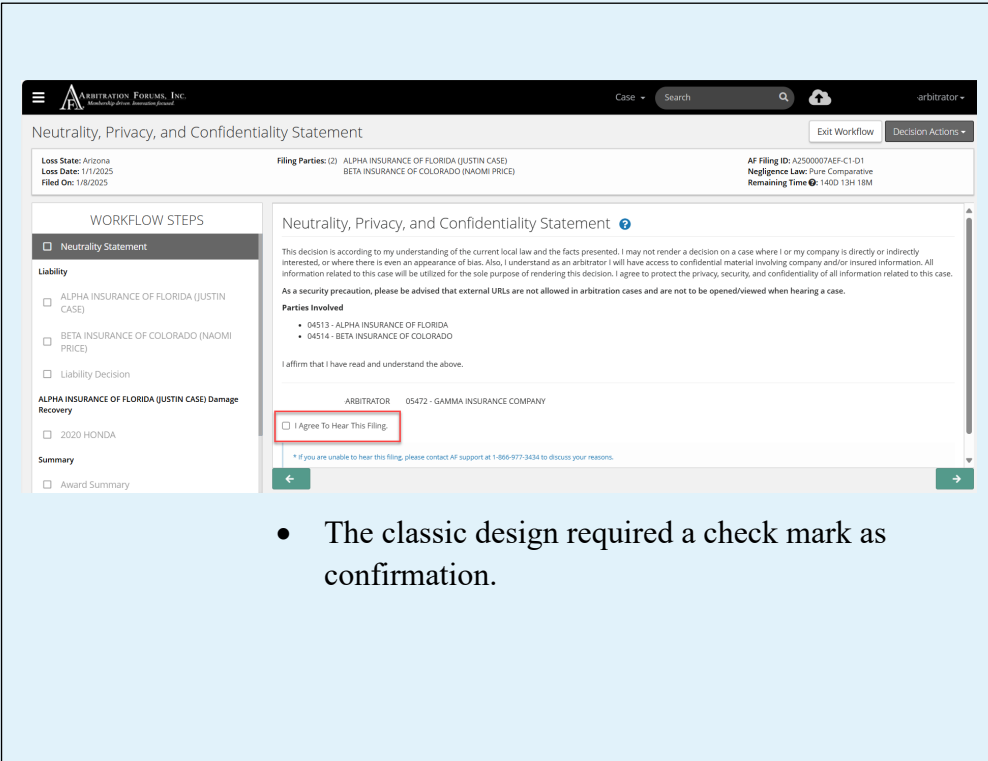

The Modern View interface features a more complex navigation system. A vertical sidebar on the left contains icons for Home, My Hearings, Ready to Hear, Cases, My Support Inquiries, and Decision Quality Reviews. The main content area includes a 'Filter Presets' section and a table of cases. A bottom navigation bar contains icons for Worklist, File New Damages, View Electronic Statements, Reports, What's New in TRS, Frequently Asked Questions, and My Arbfile Menu. A red dashed box highlights the 'View Electronic Statements' and 'Reports' icons, with a callout box stating: 'Specific icons are visible based on member privileges.'
